

Duerr's helps raise £88,000 for Wythenshawe Hospital

Duerr's Cash For Kids Bake Offs, which took place across Manchester last week, have helped raise £88,000 (and counting!) for Key 103 and their Wythenshawe (UHSM) Hospital Outpatients Department campaign!

As passionate bakers Duerr's encouraged as many people as possible to host a cake sale or coffee morning on 26th April to raise vital cash. To lend a hand, Duerr's provided the first 200 companies, schools or individuals, who registered their details with jars of jam. That enabled fundraisers across Manchester to hold a cake sale packed full of firm bottoms and sticky moments which did the patron saint of baking – Mary Berry – proud.

With the final donations still coming in, the money raised will enable the transformation of a concrete wasteland into a garden area to be used by 8,000 children.
