

February's Jar Creation Winner

It was a tough job picking just one winner for our monthly jar up-cycle competition, but we are pleased to say that the February winner of the jar creation competition is the very talented Leanne.

She got extra creative with her daughter to conjure up these gorgeous sprites homes to give to teachers as gifts - we want one!

A big congratulations to Leanne, the full range of Duerr's brand new marmalades and citrus conserves are on there way to you!
