

Cocktails

Want to impress your guests with jam jar glasses? Read on...

You'll need:

- Duerr's jar(s)
- Your favourite drinks and cocktail mixing kit
- Ice and slices etc for decoration
- Straws

Sterilise your empty Duerr's jars before starting, just to be on the safe side

Take off the lids (you'll want easy access!) and simply fill with your favourite tippie.

Enjoy your drinks in easy-to-hold textured glasses. The jars also hold garnish well too so go all out - salt the rims, add ice and a slice, cocktail umbrellas - whatever you fancy!
