

Mother's Day Gift

Show her how much you care with this gorgeous flower gift!

You'll need:

- Duerr's jar(s)
- Decorative stones or gravel
- Twine
- Small bunch of flowers

Clean out your empty Duerr's jar

Fill your jar with decorative stones or gravel

Arrange the flowers so that they stand out at the top of the jar

Wrap twine around the top of your jar several times and either tie into a small bow or glue the loose ends down to avoid unravelling

Write card and present your gift with breakfast in bed (we recommend a good brew and a nice piece of toast with a thick slather of Duerr's Sunny Seville Orange Marmalade)
