

UK's First Marmalade Of Manchester Gin

What could be better than gin?...marmalade AND gin of course!

To celebrate our very proud Mancunian roots we have teamed up with Manchester distillery, Zymurgorium to create the Marmalade-of-Manchester Gin.

Made by combining our famous Duerr's Manchester Marmalade with lime, lemon, coriander, grains of paradise, Madagascan bourbon vanilla and eight balancing botanicals. The end result is an elegant, 40 per cent proof drink bursting with citrus flavour with a finishing note of soothing orange blossom.

Perfect with tonic or as part of a cocktail, preferably served in one of our gorgeous jars, it's a must for any self respecting gin lover.

The Marmalade-of-Manchester Gin RRP £33.50 is available at selected retailers throughout the UK or online at zymurgorium.com.
